

prospectus

Ideas to develop your creativity:

- ◆ Create an outfit inspired by Egyptian times to wear at our living museum. For example a pharaoh, Egyptian Queen or servant.
- ◆ Design some jewellery fit for Egyptian royalty.
- ◆ Create your own artefact, which was discovered by you, the new FAMOUS archaeologist.

This half term's POWER Project is:

To create artefacts for our 'Living Museum' for our Celebration Assembly on Monday 5th February (All invited).

Each POWER project is worth 3 points.

Ideas to extend your research skills:

- ◆ Research about different Egyptian Pharaohs and write a report about your favourite.
- ◆ Research about the discoveries of Howard Carter and write a report.
- ◆ Research about how the Egyptians prepared for the afterlife and write a set of instructions.

Choose projects to achieve your

6 POWER Points.

You can add with your own ideas too! *Tick off what you have completed to achieve your points.*

Ideas to explore your mathematical skills:

- ◆ Collect different mathematical facts about the River Nile.
- ◆ Create and decorate your own 3d square based pyramid.
- ◆ Draw a headdress that has a symmetrical pattern.
- ◆ Find how long different Pharaohs reigned for —using subtraction.

Ideas to explore your locality:

- ◆ Visit a local Museum — See what exciting things have been found.
- ◆ Interview someone who has visited or EVEN lived in Egypt. How is it the same or different from living in this country?
