

Core Subjects:

Links to theme

English - Writing

- We will write a diary entry about their day in the chocolate factory.
- We will write our own recipe for a dream chocolate bar and then create a persuasive advert for their chocolate bar.

Mathematics

- We will have fun exploring measure and quantities with recipes.
- We will explore multiplication problems inspired by sweets and chocolates.

Science

This unit is the first introduction to studying electricity in Key Stage 2. Children will learn about what electricity is and how it was discovered. They will identify which appliances use electricity in their homes and how to keep themselves safe. Children will construct circuits, and conduct an investigation into how easily different types of switches can break and reconnect a circuit.

School Value: Respect

Spiritual

Consider how your body and mind feels when making choices.

Moral

Show respect when hearing about the views/beliefs of others.

What choices did the children in the story make?

Where they right/wrong?

Social

Children share their ideas and listen to the views of others.

Cultural

How can we create a culture of respect in our classroom and school?

Roald Dahl - Charlie and The Chocolate Factory Term 3 Overview

Topic

Geography

- Where do ingredients for chocolate come from? We will plot them on a map.

History:

- We will research the Cadbury Family and complete a case study.
- We will investigate who brought Chocolate to the UK.

Art and Design and Music

Art:

- We will create our own chocolate bar wrapper.
- We will create a map of the factory and design a new room that wasn't included in the book.

Music:

- We will create our own Oompa Loompa song on the Ukuleles.

Computing

- We will use Computing to explore the value 'Respect' by taking photos and presenting them with the theme: 'What a wonderful world.'
