

Creativity:

- Paint a portrait of a king or queen.
- Create a song for the Queen's Platinum Jubilee. It could be sung, you could use an instrument, or do both!
- Mould a bust of a king or queen out of clay or even playdoh.
- Write an adventure story about a king or queen.
- Create a healthy snack or meal, writing down the recipe for others in class to follow.

Thatchers' Power Project Term 4 – Kings and Queens

The Power Projects are not homework and are completely optional.

If your child has anything they want to share with the class that is their own idea and may not be linked to our class topic, please include it in their home learning book and they can share their enthusiasm.

This work will not be marked, but the pupils will have the opportunity to share it with each other and the parents at the end of term.

**Power Project sharing this term on:
Monday 4th April.**

If you have any thoughts or questions about this, please pop in and see me or email:

Scientific and mathematical skills:

- Find dates for the reigns of different monarchs.
- Find out how long different monarchs lived – who has been the oldest monarch in the UK?
- Create a bar graph showing the length of reign of different monarchs.
- Find out about the different food groups and the importance of healthy eating.

Explore the world:

- Match kings or queens to the country they are from.
- Find the United Kingdom on globes and different world maps.
- Find out something about each of the four countries of the United Kingdom – you could interview people from each one.

Values: Perseverance

- Set yourself a goal. What would you like to improve? How will you reach your goal? Break it into small, achievable steps.
- Create a poster that gives tips on how to persevere when you might be scared, bored or frustrated.

Extend your research:

- Find out about a king or queen you've never heard of before.
- Find out about different kings or queens of one of the countries of the United Kingdom.
- Find out about our current queen Elizabeth II.
